SCHOOL OF THE BIBLE

EXPANSION PROPOSAL

THE OPPORTUNITY

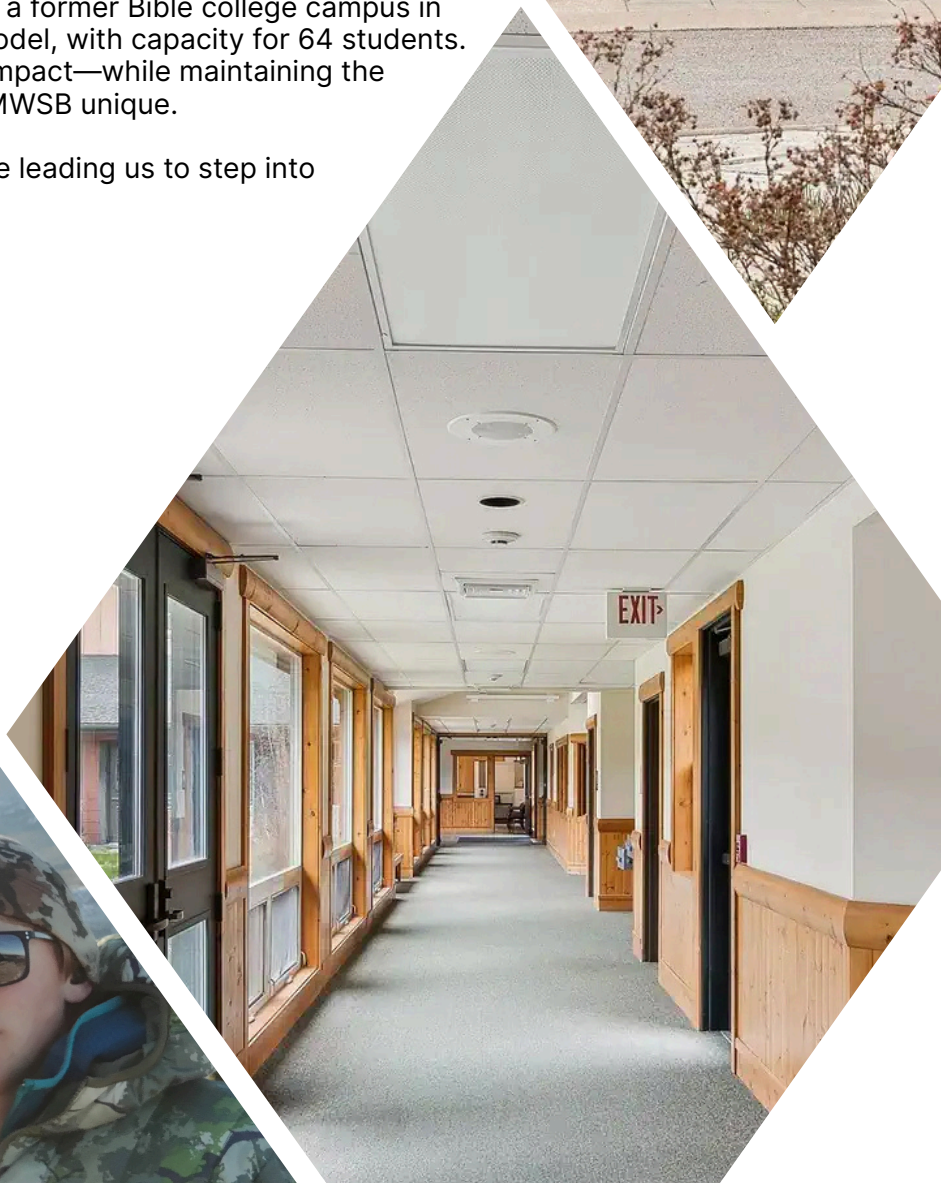

For 40 years, Montana Wilderness School of the Bible (MWSB) has discipled young men and women to own their faith, build their lives on Jesus Christ, and carry the Gospel into the world.

Every year, 66 students and 6 Venture students are immersed in Scripture, discipleship, community, and wilderness. Every year, God transforms lives.

But every year, we also turn away up to 100 qualified applicants. Our classes are filled two years in advance. The hunger for Biblical discipleship is greater than our current capacity.

Now, a rare opportunity has come before us: a former Bible college campus in Kalispell, Montana, perfectly suited to our model, with capacity for 64 students. This campus could immediately double our impact—while maintaining the culture of personal discipleship that makes MWSB unique.

We are prayerfully exploring how God may be leading us to step into this opportunity.

WHY IT MATTERS

Students are waiting. Each year, dozens of young adults willing to give a year of their lives for intensive discipleship are turned away.

The facility is ideal. A campus of this size, *already* designed for Bible training, is rarely available. It is perfectly suited for the MWSB model.

The harvest is ready. In a generation searching for truth and stability, God is calling MWSB to equip twice as many students each year.

THE CAMPAIGN

We are seeking God's provision to raise:

IMMEDIATE GOAL: \$6.5 MILLION

- Within 30-45 days
- Covers the full purchase price of the Kalispell campus.
- All gifts must be cash, stock, DAF distribution, or other immediately available assets.

SECONDARY GOAL: \$3 MILLION

- Over the next 3 years
- Renovations, staff housing, and launch costs.
- Funded through pledges, recurring giving, and church partnerships.

FREQUENTLY ASKED QUESTIONS

What happens if we cannot raise \$6.5M in time?

We will continue to trust God's timing and direction. If He does not provide the full amount, we will keep seeking His will for MWSB's future.

What about ongoing costs?

The \$3M raised over the next 3 years will cover renovations, staff housing, and soft launch costs.

What about naming opportunities?

Our priority is mission, not recognition. While not actively offering naming rights, we are open to discussing recognition if it supports the mission.

BOTTOM LINE

God is opening a door for MWSB to disciple twice as many students each year.

We believe He is leading us to expand—and we're trusting Him to provide.

To move forward, we must secure the Kalispell campus.

We need bold, faith-filled partners who are ready to invest in the next generation.

Will you make that investment with a financial gift today?

Together, let's take this step of faith.
For His glory.
